Murine Eye Salve in Ascorbic Tubes, 50¢ and 60¢. Write for Book of the Eye Free. Murine Eye Remedy Company, Chicago, Ill.

## TONOPAH FOUNDRY IS INDUSTRIAL MAINSTAY

A local industry that does much to increase the amount of money in circulation here is the foundry and machine shop of Campbell & Kelly, incorporated. This establishment was founded in December, 1906, by the Tonopah Foundry and Machine Works, Inc., to be succeeded in June the following year by R. J. Kelly and H. P. Campbell, who later incorporated. Twice they were compelled to enlarge their establishment.

On the morning of July 31 of last year their plant was destroyed by fire, but with indefatigable pluck and industry they rebuilt at once, filling orders within a week's time and having both foundry and machine shop in operation within two weeks.

There are from sixteen to eighteen skilled mechanics and eighteen unskilled men and boys employed making a variety of construction equipment, such as steel girders, beams, joists, joists, steel girders, frames, etc. The works is equipped to make iron and semi-steel castings up to four tons each, and brass and bronze up to 300 pounds each. It carries a small but complete line of stock for emergency orders. Parts are manufactured for automobiles and all sorts of repairs made. The company constructed and installed the plant of the Nevada Metals Extraction company at the Florence mine at Goldfield, the first exclusive flotation plant in Nevada and the first to be successfully operated without the use of hot solutions, acids or alkalis.

Campbell & Kelly build what is said to be the best centrifugal pump on the market. It is their own design. They also manufacture a diaphragm pump that is the subject of great praise for its efficiency and economy of operation.

This company has placed in circulation in Tonopah since its organization the sum of nearly three-quarters of a million dollars in wages and supplies locally purchased, yet it is a matter of record that the Nye county government has not ordered from them work amounting to \$500 in that time, despite the fact that they bid on all contracts in their line and the figures almost invariably prove the cheapest and best in the end.

## OLGA MINE WEST OF MILL WILL RESUME WORK

A deal was closed this week and the Olga mine has passed into new hands and operations will be resumed at once. C. H. Soblin, George Green and J. W. Crowe purchased the interest of Alex Bettles and George Thompson in the property and have leased the interests of Dr. F. C. Paché and George Davidovich. The property is equipped with a hoist and mine buildings. Already a car load of high grade copper ore is in sight, and every promise is that the boys, who are industrious and steady have the making of a big producer. The Olga is located in the Garfield district, and near the Blue Light mine—Western Nevada Miner.

## AVERILL UPHOLDS MOUNT ODDIE JURY

## QUINION HANDED DOWN BY THE DISTRICT COURT IN CONTESTED LOCATION CASE

Yesterday afternoon Judge Averill handed down an opinion on a motion to appeal the case of Frank Love et al. vs. Mt. Oddie United Mines company. This suit involved the right of a company owning a group of claims to enter its work on one claim, the property was relocated and a jury found for the defendants by dividing the claims as follows:

"That the plaintiff is the owner and entitled to the possession of the Gold Rock No. 3, Gold Rock No. 4, Gold Rock No. 5 and Gold Rock No. 6 mining claims, and entitled to such relief as to these claims as prayed for in the complaint."

"That the plaintiff is entitled to costs against the defendant in the sum of \$180."

"That the defendant is the owner and entitled to the possession of the Verna, Greater New York, Little Billie and Bell No. 14 claims, and entitled to such relief as to these claims as prayed for in the answer."

"The verdict of the jury rendered herein on the 3rd day of April, 1916, is adopted as part of this decision."

In his decision the court virtually sustains the finding of the jury.

## HORSE BREAKS INTO THE CELLAR OF A CAFE

It may have been the odor of cookery or, perhaps, it was blind chance that led a homeless horse to the rear entrance of the Right Cafe at midnight. At all events he succeeded in gaining an entree (not the culinary sort) via the coal bin, the roof of which gave way under his weight.

Here was an opportunity for some one to distinguish himself and Deputy Sheriff Billy Walker stepped into the breach. He succeeded in steering the equine out of the coal bin by a tortuous course, but when he attempted to steer him up the rear stairway by the tail something happened. It was witnessed by cook and crew and captain too, as well as late diners and a couple of policemen who were so convulsed by laughter that they could lend no assistance. Up the steps went horse and officer, one over and one under and then positions reversed. "That's a horse on you," exclaimed Bob Dalzell.

## ST. PATRICK'S MEETING

The meeting of the congregation of St. Patrick's church to consider the expediency of building a new church or repairing the old one will be held at Knights of Columbus hall Friday evening instead of Thursday as the latter is the regular weekly meeting night of the Knights.

MRS. A. B. MILLETT arrived from Millett by auto last evening.

## M'CARTHY TO MEET THE GOLDFIELD BOY

## JANNY MATHEWS TAKES ON A FIGHTER WHO BOXED PACEY MCFARLAND

Johnny McCarthy the San Francisco lightweight boxer who has fought most of the classiest boxers in the world, including Pacey McFarland, is to meet Danny Mathews of Goldfield in a ten round match that is to be staged in the Airdome Thursday evening, May 18, under the auspices of the Business Men's Athletic club. Mathews has been knocking most of his opponents out of late and is classed by the fans here and in Goldfield as one of the hardest hitting lightweights in the game. He has also a good head and is clever enough to make any of them travel to outpoint him, but in meeting McCarthy he is going up against one of the headiest boxers in the game, who is also clever and carries a good kick in either mitt. This bout should be one of the best drawing cards to be had here as both boys have appeared in boxing contests here and in Goldfield.

Gus Rainier, matchmaker for the club has also arranged a match between Bob Graham, Goldfield's favorite middleweight and Tim Flying Dutchman. The latter fought Red Howard in Goldfield last week and knocked the latter out in two rounds, in a manner that showed the fans at the ring side that he isn't easy picking for any of them.

A good four round curtain raiser will be arranged later to complete a card that looks to be the best offered here in many years.

## BROKERAGE SERVICE BY PHONE

There are two 'phones in my office, for the convenience of patrons and all persons interested in stock quotations and the latest market news. My 'phone service is at your disposal, either for the purpose of giving you the latest information, or for executing your market orders. All orders by 'phone will receive prompt and confidential attention. Call either No. 1442 or 2072.

R. FRED BROWN, Adv. M271f. Stock Broker

MR. AND MRS. FRANK ISH, pioneers of Tonopah, arrived on today's train from Oakland and continued on to Goldfield this afternoon.

## BUTLER THEATER

Tonight at the Butler the Whiting Comedy company and Bulger's Barnyard Circus, direct from the Sullivan-Conside circuit, will be seen in five big-time vaudeville acts. This aggregation is touring the country in autos and Tonopah will have an opportunity of seeing a real vaudeville show in addition to the regular feature picture. Bits of musical comedy, singing, talking and all kinds of character, fancy and acrobatic dancing, featuring the greatest wood-shoe and acrobatic dance team in America. There will be plenty of fun and a fine night's entertainment. Featured in the program is a wonderful trained animal act billed as Bulgar's Barnyard Circus, with a beautiful Shetland pony, goats, dogs and a real live clown. In addition to the vaudeville part of the program, there will be a screen production of the famous Broadway success entitled "New York," featuring the celebrated Florence Reed. This production has played to enormous business everywhere it has been shown throughout the country in all the big houses and has created considerable publicity. It is a play that casts the searchlight on the whirlpool section of the great metropolis, and edges ever so gently in to the purer element that really does exist in spots. It contains opportunities for elaborate staging which have been well looked into, its cabaret scenes being especially remarkable. The first night show will start at 7 p. m., the second at 9:15.

Tomorrow, "The Leopard's Bride," featuring Margaret Gibson and Wm. Clifford, and the Bostock Animals, the greatest collection of trained animals in the world, which were imported from Europe at a cost of \$100,000.

## PERSONAL

EUGENE V. DEBS left this morning for Reno.

H. A. DARMS, of the Darms Coal Mining company, is back from the property at Coaldale.

TOM BERRYMAN, constable of Yerington, was an arrival on today's train from the north.

J. L. Joseph, president of the MacNamara Mining company, arrived from San Francisco on today's train.

A. W. DOUGLAS, division wire chief of the Western Union Telegraph company came in this morning from the coast.

MRS. DAVID DAVIES, mother of Mrs. P. M. Arnett, after a year's visit, departed this morning for her home in Aspen, Colorado.

PHILIP MEYER of Elko is here on a visit to his brother, Frank Meyer, proprietor of the Pioneer livery stables.

CAPT. W. G. COTTER is in from his Golden Arrow property. He will have a valuable shipment ready by the end of the month.

JAMES FENWICK, Charles Slater and Mr. and Mrs. J. J. Weir were visitors from Goldfield yesterday afternoon.

CURLEY GRAHAM, as fat and as good natured as when he left Tonopah arrived in town late last night. He drove in from Reno in a new Hummobile purchased by J. H. Minnick.

REV. PERCIVAL S. SMITH is her from Las Vegas and will continue on to Elko, where there will be a convocation of the mission district of Nevada of the Protestant Episcopal church on Friday, Saturday and Sunday.

MRS. JOHN W. CHANDLER, widow of the late manager of the West End and other properties arrived from San Francisco this morning and will remain in Tonopah until after her son finishes his term in the Tonopah schools.

MARTIN DEAN, the veteran prospector and former mayor of Altman, Colorado, the highest incorporated town in the country, is in from the old Rawhide district near Tybo where he has been for the last seven months developing a group of claims. He reports that section looking very prosperous.

## TEMPERATURE REPORT

Highest temperature yesterday, 65; a year ago, 62.  
Lowest temperature last night, 34; a year ago, 55.

## ARTICLES OF INCORPORATION

The New Tonopah Extension Mining company of Tonopah, capitalized at \$150,000, with \$150,000 shares at a par value of 10 cents each has filed articles of incorporation. Hugh Sutherland, A. J. Melver and Alfred Boyle are the directors and incorporators.

Billy Sunday says that "all he devils hell can spare are in Baltimore." Time for New York and Chicago to exchange congratulations. — Atlantic Constitution.
